[57] **CLAIM**

The ornamental design for cordless telephone set, as shown and described.

DESCRIPTION

FIG. **1** is a front, top and right side perspective view of the handset telephone of a cordless telephone set showing our new design;
FIG. **2** is a front elevational view thereof;
FIG. **3** is a rear elevational view thereof;
FIG. **4** is a top plan view thereof;
FIG. **5** is a bottom plan view thereof;
FIG. **6** is a left side elevational view thereof;
FIG. **7** is a right side elevational view thereof; and
FIG. **8** is a front, top and right side perspective view of the handset telephone thereof seated upon and supported in upright position by the underlying base unit of the set with the front, top and right side of the base unit being shown in perspective, and it is understood that a corresponding left side, top and right side perspective view of the base unit being substantially similar to the right side shown in FIG. **8.**
The rear and bottom of the base unit is plain and unadorned.
