[57] **CLAIM**

The ornamental design for a grinding wheel mount, as shown and described.

**DESCRIPTION**

FIG. **1** is a side elevational view of a grinding wheel mount showing our new design, the side opposite being a mirror image;

FIG. **2** is a left end elevational view thereof;

FIG. **3** is a right end elevational view thereof;

FIG. **4** is a top plan view thereof, the bottom being a mirror image;

FIG. **5** is a longitudinal sectional view taken in the direction of the arrows on line **5**—**5** of FIG. **1.**

The threads are shown symbolically to represent standard right-hand threads at the right-hand end of the mount and at the right-hand end of the shoulder screw, and fine, left-hand threads threadedly received in the middle portion of the mount.
