[57] **CLAIM**

The ornamental design for an underwater drainage device with dual collection chambers, as shown and described.

DESCRIPTION

FIG. **1** is a front elevational view of an underwater drainage device showing the new design;
FIG. **2** is a top plan view of FIG. **1**;
FIG. **3** is a rear elevational view of the underwater drainage device shown in FIG. **1**;
FIG. **4** is a bottom plan view of FIG. **1**;
FIG. **5** is an end elevational view of the right hand end of the device shown in FIG. **1**;
FIG. **6** is a left end elevational view of the device shown in FIG. **1**; and
FIG. **7** is a top perspective view of the underwater drainage device shown in FIG. **1**.
