(57) **CLAIM**

The ornamental design for a divot repair tool, as shown and described.

DESCRIPTION

FIG. 1 is a first bottom perspective view of a first variant of a divot repair tool in accordance with the present design;

FIG. 2 is a second bottom perspective view of the divot repair tool shown in FIG. 1;

FIG. 3 is a first top perspective view of a divot repair tool shown in FIG. 1 without the ball marker;

FIG. 4 is a second top perspective view of the divot repair tool shown in FIG. 1;

FIG. 5 is a first side view of the divot repair tool shown in FIG. 1;

FIG. 6 is a second side view of the divot repair tool shown in FIG. 1;

FIG. 7 is a bottom view of the divot repair tool shown in FIG. 1;

FIG. 8 is a first end view of the divot repair tool shown in FIG. 1;

FIG. 9 is a second end view of the divot repair tool shown in FIG. 1;

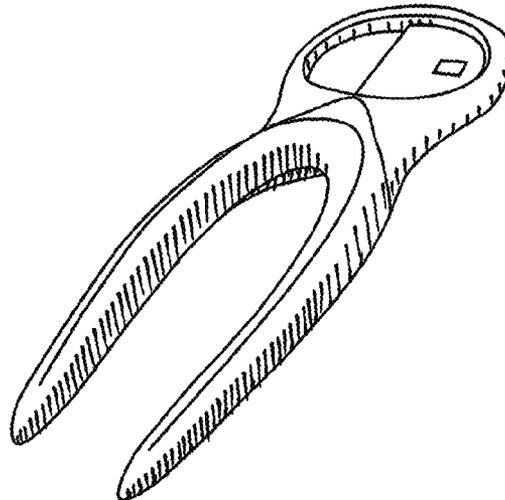

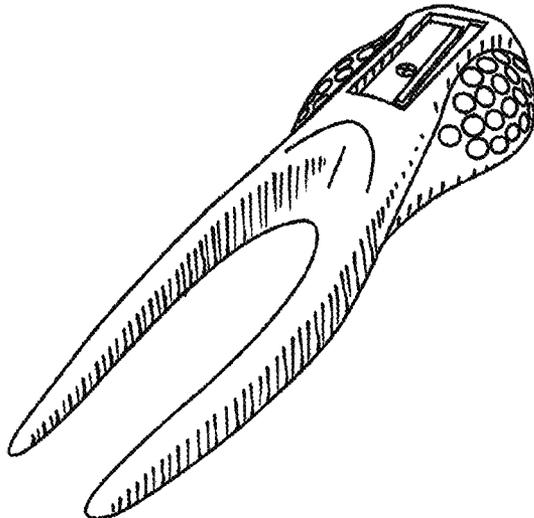

FIG. 10 is a top view of the divot repair tool shown in FIG. 1;

FIG. 11 is a first top perspective view of a divot repair tool shown with the attached ball marker;

FIG. 12 is a second top perspective view of the divot repair tool shown in FIG. 11; and,

FIG. 13 is a top view of the divot repair tool shown in FIG. 11.
