UNITED STATES PATENT OFFICE.

ROBERT M. WILCOX, OF MERIDEN, CONNECTICUT.

DESIGN FOR A FLASK.

SPECIFICATION forming part of Design No. 26,510, dated January 12, 1897.

Application filed December 7, 1896. Serial No. 614,847. Term of patent 3½ years.

To all whom it may concern:

Be it known that I, ROBERT M. WILCOX, of Meriden, in the county of New Haven and State of Connecticut, have invented a new
5 Design for Flasks; and I do hereby declare the following, when taken in connection with the accompanying drawings and the letters of reference marked thereon, to be a full, clear,
10 said drawings constitute part of this specification, and represent, in—

Figure 1, a side view of a flask embodying my design; Fig. 2, an edge view of the same.

This invention relates to a design for flasks;
15 and the design consists in the configuration and ornamentation as hereinafter described, and shown in the accompanying illustrations.

As shown in the drawings, the sides of the

body A of the flask are circular, the edge B being formed to represent a bicycle-wheel tire. 20 From the periphery extends a neck C to receive a cap D. The faces of the sides of the body A are ornamented by representations of spokes E, radiating from a circular panel F, all as shown in the accompanying illustra- 25 tions.

I claim—

The design for flasks as herein shown and described.

In testimony whereof I have signed this 30 specification in the presence of two subscribing witnesses.

ROBERT M. WILCOX.
