CLAIM

The ornamental design for a wet concrete dam and rake for chute flow control, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the wet concrete dam and rake for chute flow control;
FIG. 2 is a rear elevational view of the wet concrete dam and rake for chute flow control;
FIG. 3 is a front elevational view of the wet concrete dam and rake for chute flow control;
FIG. 4 is a side elevational view of the wet concrete dam and rake for chute flow control;
FIG. 5 is a bottom view of the wet concrete dam and rake for chute flow control; and,
FIG. 6 is a top plan view of the wet concrete dam and rake for chute flow control.
The broken line showing of the handle in FIG. 1 is for illustrative purposes only and forms no part of the claimed design.
