[57] CLAIM

The ornamental design for an audio-visual center, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an audio-visual center, showing my new design, with the storage racks emptied of film canisters and tape cassettes; FIG. 2 is a top plan view thereof; FIG. 3 is a right side perspective view thereof; the left side being a mirror image thereof; FIG. 4 is a rear perspective view thereof; and FIG. 5 is a front perspective view thereof, with the swivel chair in side elevational view and the storage racks with film canisters and tape cassettes.
