THE WOOLN printed CO. PRINTED, WASHINGTON, D. C.
UNITED STATES PATENT OFFICE.

WILLIAM E. DAVIS, OF BALTIMORE, MARYLAND.

DESIGN FOR A BOTTLE-STOPPER.

SPECIFICATION forming part of Design No. 34,273, dated March 26, 1901.
Application filed September 8, 1900. Serial No. 29,471. Term of patent 14 years.

To all whom it may concern:

Be it known that I, WILLIAM E. DAVIS, a citizen of the United States, residing at Baltimore, State of Maryland, have invented and produced a new and original Design for Bottle Stoppers, of which the following is a specification, reference being had to the accompanying drawings, forming a part thereof.

Figure 1 is a view in elevation of the stopper. Fig. 2 is a view in sectional elevation.

As shown in the drawings, the leading or material feature of my design consists of a stopper A, having its head B formed hollow, with scallops, beads, or corrugations C disposed or arranged around its outer surface at the top and bottom, the head between the scallops or beads being plain, as shown.

Having fully described my invention, what I claim as new, and desire to secure by Letters Patent, is—

The design for a bottle-stopper substantially as shown and described.

In testimony whereof I heretofore affix my signature in the presence of two subscribing witnesses.

WILLIAM E. DAVIS.

Witnesses:

J[OHN] L. DINNOCK,
FREDK. W. SNYDER.
