CLAIM

The ornamental design for an air trap device for intravenous infusion administration sets, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of the air trap device for intravenous infusion administration sets showing our new ornamental design;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom view thereof.

Portions of the claimed design shown in broken lines form no part of the claimed design.
