(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface for automotive digital audio player, as shown and described.

DESCRIPTION

FIGURE is a front view of a display screen or portion thereof with graphical user interface for automotive digital audio player showing our new design.

The broken lines showing of the display screen or portion thereof with graphical user interface for automotive digital audio player are for environmental purposes only and form no part of the claimed design. The shading in the claimed design represents a contrast in appearance.
