(57) **CLAIM**

The ornamental design for a set-top box module and digital video recorder module, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the set-top box module.  
FIG. 2 is a front elevation view of the set-top box module.

FIG. 3 is a rear elevation view of the set-top box module.  
FIG. 4 is a right side elevation view of the set-top box module. The left side elevation view of the set-top box module is a mirror image of the right side elevation view of the set-top box module.

FIG. 5 is a top view of the set-top box module.

FIG. 6 is a bottom view of the set-top box module.

FIG. 7 is a front perspective view of the digital video recorder module.

FIG. 8 is a front elevation view of the digital video recorder module.

FIG. 9 is a rear elevation view of the digital video recorder module.

FIG. 10 is a right side elevation view of the digital video recorder module. The left side elevation view of the digital video recorder module is a mirror image of the right side elevation view of the digital video recorder module.

FIG. 11 is a top view of the digital video recorder module.

FIG. 12 is a bottom view of the digital video recorder module.

FIG. 13 is a front perspective view of the set-top box module and digital video recorder module.

FIG. 14 is a front elevation view of the set-top box module and digital video recorder module.

FIG. 15 is a rear elevation view of the set-top box module and digital video recorder module.

FIG. 16 is a right side elevation view of the set-top box module and digital video recorder module. The left side elevation view of the set-top box module and digital video recorder module is a mirror image of the right side elevation view of the set-top box module and digital video recorder module.

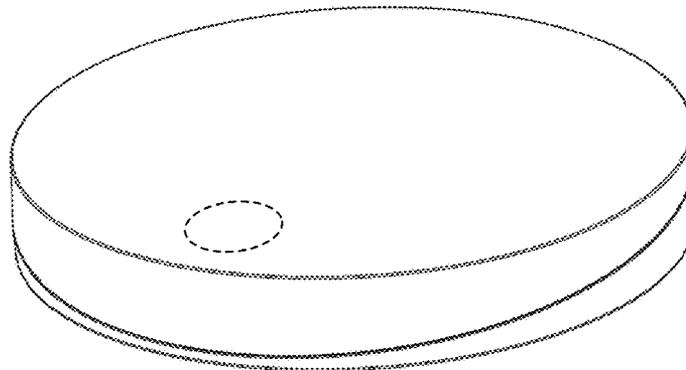

FIG. 17 is a top view of the set-top box module and digital video recorder module; and,

FIG. 18 is a bottom view of the set-top box module and digital video recorder module.

The broken lines depict portions of the set-top box module and digital video recorder module that form no part of the claimed design.

The set-top box module and digital video recorder module are shown separately and together for ease of illustration.
