UNITED STATES PATENT OFFICE.

CHARLES C. PENFOLD, OF BUFFALO, NEW YORK, ASSIGNOR TO GRACE S. PENFOLD, OF SAME PLACE.

DESIGN FOR A BADGE.

SPECIFICATION forming part of Design No. 27,318, dated July 13, 1897.
Application filed June 4, 1897. Serial No. 639,477. Term of patent 31 years.

To all whom it may concern:

Be it known that I, CHARLES C. PENFOLD, a citizen of the United States, residing at Buffalo, in the county of Erie and State of New York, have invented and produced a new and original Design for Badges, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof.

The accompanying drawing represents a face view of a badge embodying my design.

The leading feature of my design consists of a horizontal bar surmounted by the figure of an American buffalo or bison at bay and a star-shaped pendant arranged below said bar.

A is the horizontal bar, B the figure of an American buffalo or bison at bay standing on said bar, and C the star-shaped pendant, which is arranged below said bar and connected therewith by a ribbon D. As shown in the drawing, the pendant has the form of a five-pointed star surrounding a circular center E and is provided below the lower three points of the star with a cartouche or scroll F, which connects the lower three points of the star.

What I claim is—
The design for a badge substantially as herein shown and described.

Witness my hand this 3d day of June, 1897.

CHARLES C. PENFOLD.

Witnesses:

EDWARD WILHELM,
CARL F. GEYER.
