Title: ADDING AT LEAST ONE PICTURE TO A CONTACT DETAIL IN A COMMUNICATIONS DEVICE

Abstract: A communications device (100) and method for adding at least one picture to a contact detail in a phone book (132) stored in the communications device is disclosed. The method includes storing (302) the at least one picture on the communications device during an audio visual communications call between the communications device and another device (202). The method further includes displaying an inquiry (404) on a display screen (106) of the communications device for identifying the at least one picture as possible data to be added to the contact detail in the phone book. The method further includes adding (312) the at least one picture to the contact detail in the phone book when a user interface (108) of the communications device provides an acceptance command in response to the inquiry.
