7762X

I. Michener,

Saw-Mill Head-Block.

Patented Sep. 16, 1833.

AM. PHOTO-LITHO. CO. N.Y. (OSBORNE'S PROCESS.)

7762X Sept. 16. 1833 237

Joseph Michener of Chester Township Ohio

Letters Patent

The Schedule referred to in these Letters Patent and making part of the same containing a description in the words of the said Joseph Michener himself of his Improvement in a machine for propelling carriages for Saw Mills.

To all whom these Presents shall come. Be it known that I Joseph Michener of Chester Township and County of Clinton and said State of Ohio. have invented a new and useful improvement in a machine for propelling carriages for Saw Mills and that the following is a full and exact description of the construction and operation of said Machine as invented or improved by me.

C is the Carriage. R the Rolley in which the carriage moves. W. G. is the way and guides. e f Rope may pass round the shaft of the rag Wheel twice. which rag wheel and shaft is represented in frame between G and W. which will supply the place of rag wheels
