The ornamental design for a combined neck and head support, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined neck and head support, showing my new design;

FIG. 2 is a front elevational view thereof, with the straps fragmentarily shown for ease of illustration;

FIG. 3 is a rear elevational view thereof;

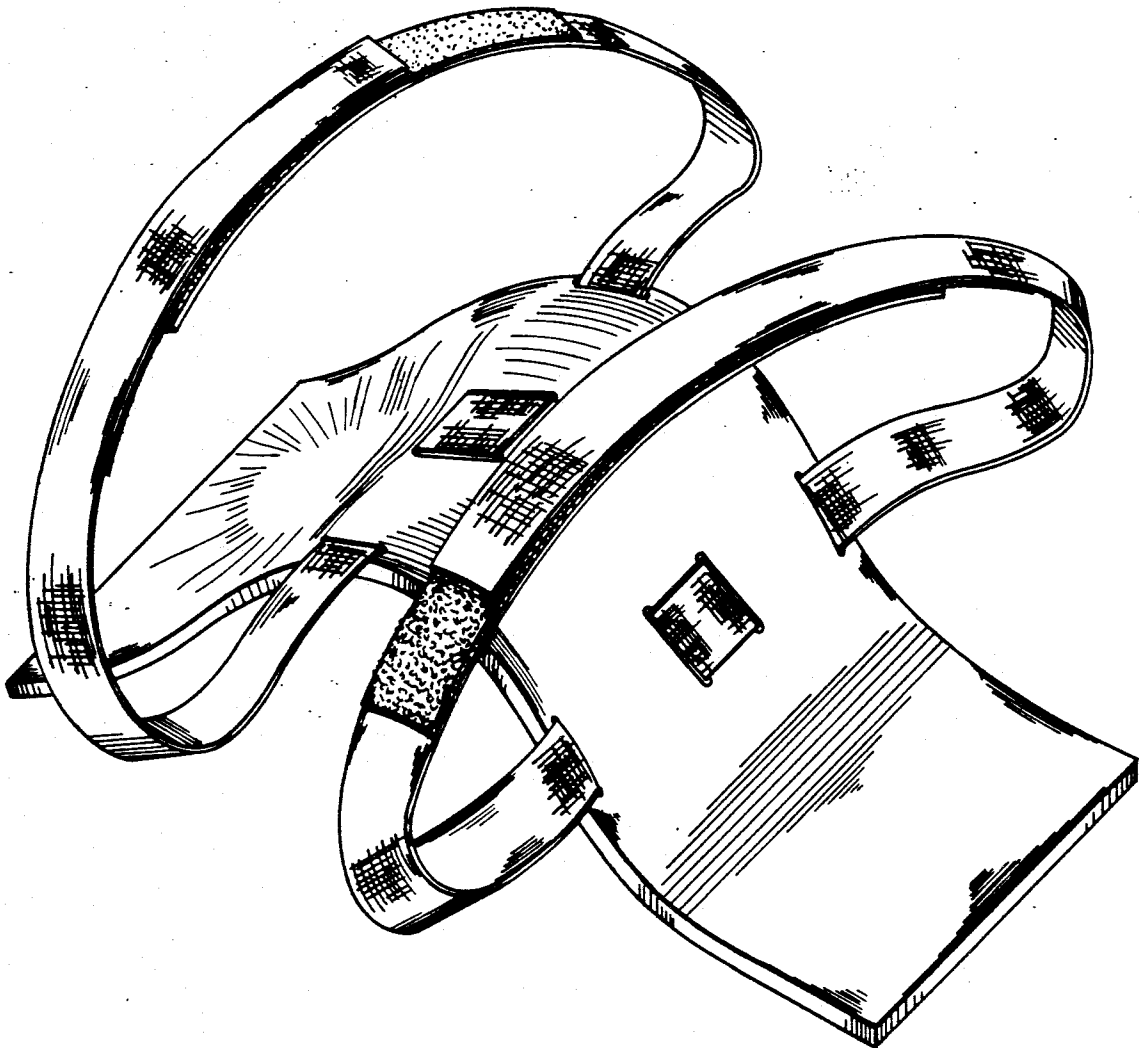

FIG. 4 is a top perspective view thereof, with the straps fragmentarily shown for ease of illustration;

FIG. 5 is a bottom perspective view thereof, with the straps fragmentarily shown for ease of illustration;

FIG. 6 is a left side elevational view thereof, with the straps fragmentarily shown for ease of illustration; and

FIG. 7 is a right side elevational view thereof, with the straps fragmentarily shown for ease of illustration.

The cross-line pattern which is partially shown on the straps for ease of illustration is intended to represent a conventional strap material.
