(54) Title of the Invention: **Compositions and methods for treating progressive myocardial injury due to a vascular insufficiency**  
Abstract Title: **Compositions and methods for treating progressive myocardial injury due to a vascular insufficiency**

(57) The described invention provides methods and regimens for treating adverse consequences of a persistent and progressive myocardial injury-due to a vascular insufficiency that occurs early or late in a subject in need thereof, and progressive myocardial injury-preventing compositions that contain a chemotactic hematopoietic stem cell product, and, optionally, an additional active agent.
