UNITED STATES PATENT OFFICE

ROBERT L. ASTE, OF BROOKLYN, NEW YORK, ASSIGNOR TO GRIFFIN MANUFACTURING COMPANY, INC., OF NEW YORK, N. Y., A CORPORATION OF NEW YORK

DESIGN FOR A BOTTLE

Application filed February 5, 1931. Serial No. 38,554. Term of patent 14 years.

To all whom it may concern:

Be it known that I, Robert L. Aste, a citizen of the United States, and a resident of the borough of Brooklyn, in the county of Kings, city and State of New York, have invented a new, original, and ornamental Design for a Bottle, of which the following is a specification.

Reference is made to the accompanying drawings forming part hereof.

Figure 1 is a front elevation of a bottle showing my new design.

Figure 2 is an end view of Figure 1, and Figure 3 is a plan view of Figure 1.

As shown in the drawings, the body of the bottle has front and rear faces which are curved downwardly and outwardly, each end of the body having a vertically extending median portion, the sides of which diverge downwardly, the sides of the median portions being connected with the said faces by end portions of substantially the same width from top to bottom. A neck is connected with the body of the bottle by curved portions which are rounded at the front and rear faces; the median portions and the end portions.

I claim:

The ornamental design for a bottle as shown and described.

ROBERT L. ASTE
