(54) **Device for cutting branches and the like**

(57) A device (1) for cutting branches and the like, comprising an annular cutting chain (2), a shaped slideway (3) cooperating with the chain (2) and a motor (9) for sliding the chain (2) along the slideway (3) so as to give it a cutting motion, wherein, in operation, a effective

portion (20) of the chain (2) is into contact with the piece to be cut in order to perform the cutting, and wherein the slideway (3) has, at the effective portion (20) of the chain, a recess (6), the overall arrangement being such that at said recess (6) the slideway (3) is not into contact with the effective portion (20) of the chain (2) (Figure 1).

CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claim(s):
- ☐ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

see sheet B

- ☒ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☐ As all searchable claims could be searched without effort justifying an additional fee, the Search Division did not invite payment of any additional fee.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- ☐ None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:
