with international search report

(88) Date of publication of the international search report: 24 July 2008

(57) Abstract: Enantiomerically enriched iminopyrrolidone aziridine compositions are disclosed herein. Embodiments of the present invention include enantiomerically enriched compositions, aqueous solutions of, and methods of increasing the aqueous solubility of, enantiomerically enriched compositions, and methods of formulating drug products comprising enantiomerically enriched iminopyrrolidone aziridine compounds for use in the treatment of cancer.

INTERNATIONAL SEARCH REPORT
