Description

The ornamental design for a percussion massager attachment, as shown and described.

Claim

The ornamental design for a percussion massager attachment, as shown and described.

Fig. 1 is a top perspective view of the present percussion massager attachment.

Fig. 2 is a front view of the same.

Fig. 3 is a right side view of the same.

Fig. 4 is a left side view of the present massager attachment.

Fig. 5 is a rear view of the same.

Fig. 6 is a top view of the present massager attachment.

Fig. 7 is a bottom view of the same.

Fig. 8 is a perspective environment view showing the attachment mounted to a massager unit.

The structure shown in broken lines is for environmental purposes only and does not form any part of the claimed invention.
