(57) **CLAIM**

The ornamental design for a pole mount light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a pole mount light according to an embodiment of the present invention.

FIG. 2 is a front elevation view of a pole mount light according to an embodiment of the present invention.

FIG. 3 is a rear elevation view of a pole mount light according to an embodiment of the present invention.

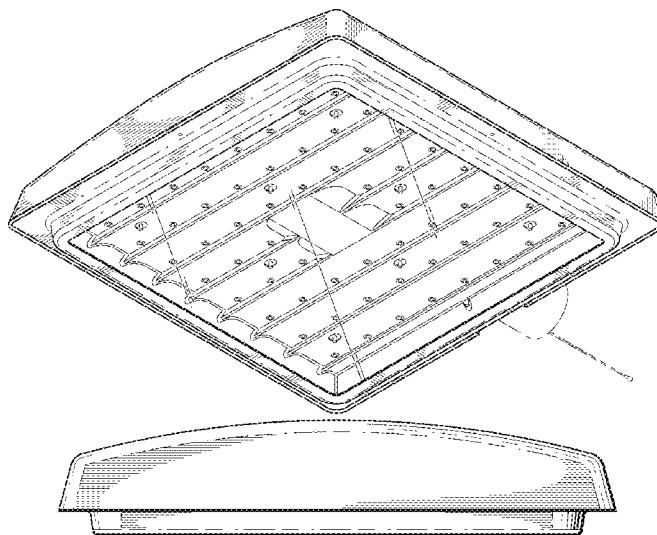

FIG. 4 is a side elevation view of a pole mount light according to an embodiment of the present invention.

FIG. 5 is a top plan view of a pole mount light according to an embodiment of the present invention; and,

FIG. 6 is a bottom plan view of a pole mount light according to an embodiment of the present invention.

The broken lines shown in FIGS. 1-6 depict environmental subject matter only and form no part of the claimed design in those embodiments.

1 Claim, 3 Drawing Sheets
