Claim

The ornamental design for a display of an electronic device with graphical user interface, as shown and described.

Description

FIG. 1 is a front view of a display of an electronic device with graphical user interface in accordance with our design.

FIG. 2 is another front view of the display of an electronic device with graphical user interface in accordance with our design, shown with alternative unclaimed subject matter; and,

FIG. 3 is another front view of the display of an electronic device with graphical user interface in accordance with our design, shown with alternative unclaimed subject matter.

The broken line showing of the display of the electronic device illustrates unclaimed environment and forms no part of the claimed design. The broken line showing of portions of the graphical user interface illustrate unclaimed portions of the graphical user interface.
