The ornamental design for a display screen or portion thereof with graphical user interface for podcasts, as shown and described.

See application file for complete search history.

**DESCRIPTION**

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front elevational view of a display screen with graphical user interface for podcasts.

The broken line showing of the display screen and remainder of the graphical user interface forms no part of the claimed design.
