(57) **CLAIM**

I hereby claim the ornamental design for the display screen with animated graphical user interface, as shown and described.

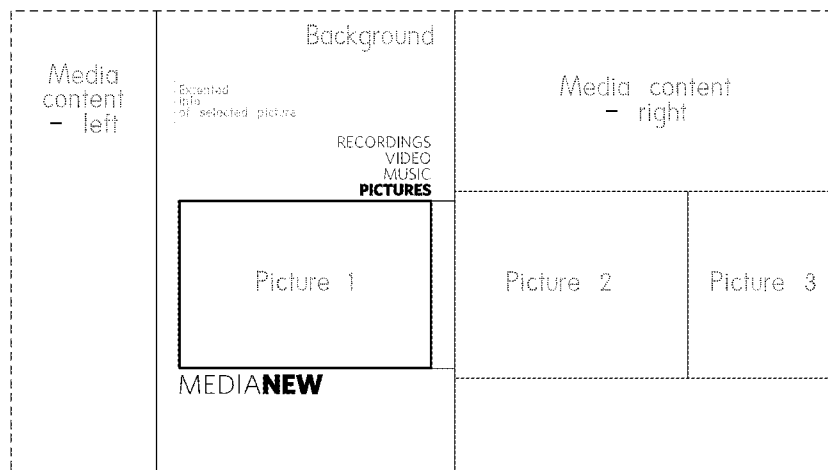

**DESCRIPTION**

FIG. 1 is a front view of a first image of a display screen with animated graphical user interface;  
FIG. 2 is a second image thereof after shifting the content right; and,  
FIG. 3 is a third image thereof after shifting the content right.

The broken lines forming the outermost perimeter and the dotted line text and numbers of the graphical user interface illustrate portions of the article of manufacture, and form no part of the claimed design.

The appearance of the user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
