(57) **CLAIM**

The ornamental design for a vehicle front lower intake surround, as shown and described.

DESCRIPTION

FIG. 1 is a front and left perspective view of a vehicle front lower intake surround showing our new design; FIG. 2 is a left end elevation view thereof; FIG. 3 is a front elevation view thereof; and, FIG. 4 is a bottom plan view thereof.

The right end elevation view is omitted, because the right end elevation view is a mirror image to the left end elevation view.

The broken lines shown in the drawings depict portions of the vehicle front lower intake surround that form no part of the claimed design.

The shade lines in the figures show contour and not surface ornamentation.
