UNITED STATES PATENT OFFICE

166,324

AIR DIFFUSING OUTLET FOR VENTILATING SYSTEMS

Franz J. Kurth, Mamaroneck, N. Y., assignor to
 Anemostat Corporation of America, New York,
 N. Y., a corporation of Delaware

Application November 28, 1949, Serial No. 6,290

Term of patent 14 years

(Cl. D62—4)

To all whom it may concern:

Be it known that I, Franz J. Kurth, a citizen of the United States, residing at Mamaroneck, in the county of Westchester and State of New York, have invented a new, original, and ornamental Design for an Air Diffusing Outlet for Ventilating Systems, of which the following is a specification, reference being had to the accompanying drawing, forming part thereof.

Fig. 1 is a front elevation of an air diffusing outlet for ventilating systems, showing my new design.

Fig. 2 is a rear elevation thereof.

Fig. 3 is a section on the line 3—3 of Fig. 1.

Fig. 4 is a section on the line 4—4 of Fig. 1.

Fig. 5 is a sectional view taken on the lower, left corner of Fig. 2.

The characteristic features of the design for the outlet disclosed reside in the shape of the air deflecting, hollow, flaring members, each of which is of rectangular shape at its front end, of conical shape at its rear end and which develops gradually and progressively from rectangular shape at its front end to conical shape at its rear end.

I claim:

The ornamental design for an air diffusing outlet for ventilating systems, substantially as shown and described.

FRANZ J. KURTH.
