(57) **CLAIM**

The ornamental design for a smartcard reader and charging station, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective front view of the smartcard reader separated from the charging station.

FIG. 2 is a perspective rear view of the smartcard reader supported in its charging station.

FIG. 3 is a rear view of the smartcard reader supported in its charging station.

FIG. 4 is a rear view of the smartcard reader separated from its charging station.

FIG. 5 is a side view of the smartcard reader supported in its charging station.

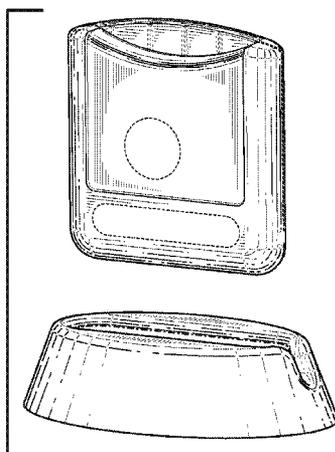

FIG. 6 is a side view of the smartcard reader separated from its charging station.

FIG. 7 is a front view of the smartcard reader supported in its charging station; and,

FIG. 8 is a front view of the smartcard reader separated from its charging station.

The evenly-spaced broken lines in the drawings illustrate unclaimed portions of the smartcard reader and charging station and form no part of the claimed design. The unevenly-spaced broken line located around the lip of the recessed area in FIGS. 1 and 6 illustrate the boundary of the claimed design and form no part thereof. The recessed area bounded by the boundary line in FIGS. 1 and 6 forms no part of the claimed design.
