(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with animated graphical user interface showing my new design;
FIG. 2 is a front view of a second image thereof;
FIG. 3 is a front view of a third image thereof; and,
FIG. 4 is a front view of a fourth image thereof.

The outer broken line showing the display screen and the inner broken line depicting the boundary to the claimed subject matter form no part of the claimed design.

The appearance of the image transitions between the images shown in FIGS. 1-4. The process or period in which an image transitions to another forms no part of the claimed design.
