(45) **Date of Patent: Aug. 17, 1835**

(54) **COMPSITION, FOR MEDICAL PURPOSES**

(76) Inventor: **Robert S. Bernard**

Robert I. Bernard.

The schedule referred to in these Letters Patent and making part of the same containing a description in the words of the said Robt. I. Bernard himself of his improvement in a compound or composition of matter for Medical purposes called a remedy for the Cholera,

To all to whom these presents shall come

Be it known that I Robert I. Bernard of Norfolk in the county of Norfolk and State of Virginia have invented a new and useful improvement in a composition of matter, for Medical purposes" called remedy for Asiatic Cholera, Cholera Morbus, Diarrhoea &c and that the following is a full and exact description of the process, or proportions of compounding the same viz. according to the proportions given of the following ingredients, Sulphate of Allum. 2 grains, Sup. Carb. potass 1 ditto Alcohol at 80 degrees above proof 40 drops, Gum camphor 20 grains, Hoffmans Anodyne Elixir 1/2 oz. White sugar 1/2 oz. compound Tinct. Opium 1/2 oz Spirit Lavender 1 oz. pure water 3 oz. which are to be mixed together and taken according to the following directions viz. Take a tablespoon full of the Mixture with the same quantity of water every hour or half hour as occasion may require, until vomiting, purging, and pains have ceased. This Medicine has been administered to Children affected with Diarrhoea or Cholera Morbus in doses of a tea spoonfull with the same quantity of water with complete success The bottle should be kept well corked. In testimony that the above is a full and exact description of the composition of matter or the ingredients of which my Mixture is formed, I have hereunto set my hand this thirtieth day of July Eighteen hundred and thirty five
