CLAIM

The ornamental design for a basketball with a circumferential stripe, as shown and described.

DESCRIPTION

FIG. 1 is a front right perspective view of a basketball showing my new design.

FIG. 2 is a front view thereof, with the rear, top and bottom views being identical; and,

FIG. 3 is a right side view thereof, with the left side view being identical.

The gray-shaded band encircling the circumference of the basketball generically represents a stripe with a contrasting appearance, and is not limited by coloring, texture, and/or material. It is understood that the choice of material and/or texture will not depart from the visual appearance illustrated in the drawing.
