(57) **CLAIM**

The ornamental design for a compartmentalized infant supply carrier, as shown and described.

DESCRIPTION

FIG. **1** is a frontal top right perspective view of a compartmentalized infant supply carrier showing an exemplary embodiment of my present design;

FIG. **2** is a rear top left perspective view thereof;

FIG. **3** is a frontal top right perspective view of the carrier as shown in FIG. **1**, with a top flap cover portion thereof shown opened to expose a sub-compartment opening;

FIG. **4** is a frontal top left perspective view of the carrier as shown in FIG. **1**, with a sub-compartment cover panel thereof and a main compartment cover panel thereof each shown in opened configuration;

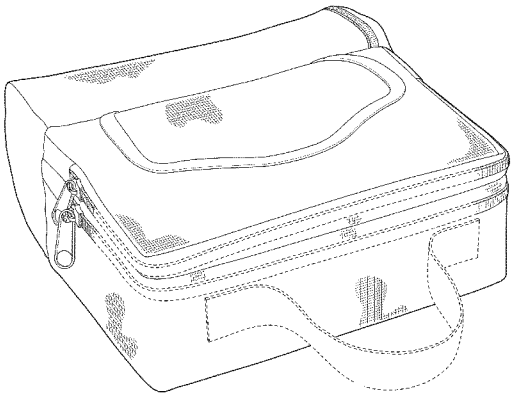

FIG. **5** is a rear bottom left perspective view of the carrier as shown in FIG. **1**;

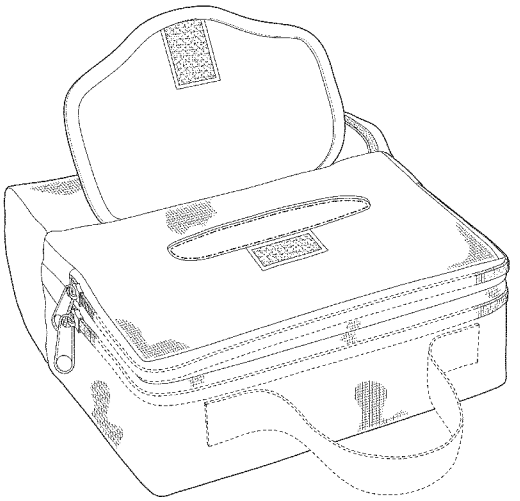

FIG. **6** is rear bottom left perspective view of the carrier as shown in FIG. **5**, with a rear flap cover portion thereof shown opened to expose a rear compartment opening; and,

FIG. **7** is a rear bottom right perspective view of the carrier as shown in FIG. **1**.

The broken lines illustrate portions of the compartmentalized infant supply carrier. The dash-dot lines represent certain bounds of the claim. None of the broken lines forms part of the claimed design.
