(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE shows a display screen or portion thereof with graphical user interface showing our new design.

The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design.

The upper horizontal dashed broken line illustrates a boundary and forms no part of the claimed design; the faded portion above the upper horizontal dashed broken line forms no part of the claimed design.

The lower horizontal dashed broken line illustrates a boundary and forms no part of the claimed design; the faded portion below the lower horizontal dashed broken line forms no part of the claimed design.
