CLAIM

The ornamental design for an electronic device mount, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front view of the electronic device mount with an electronic device attached.
FIG. 2 is a perspective front view with the electronic device unattached.
FIG. 3 is a left side view with an electronic device attached.
FIG. 4 is a left side view with an electronic device unattached.
FIG. 5 is a right side view with an electronic device attached.
FIG. 6 is a bottom view with an electronic device attached.
FIG. 7 is a top view with an electronic device attached.
FIG. 8 is a top view with an electronic device unattached.
FIG. 9 is a front view with an electronic device attached.
FIG. 10 is a front view with an electronic device unattached.

FIG. 11 is a rear view with an electronic device attached.
The broken lines in the drawings depict environmental subject matter that forms no part of the claimed design.
