(57) **CLAIM**

I claim the ornamental design for a package for manufacturer coupons, as shown and described.

DESCRIPTION

FIG. 1 is a top, right front perspective view of the package for manufacturer coupons showing my new design;

FIG. 2 is a top, right front perspective view thereof; the cover of the package being partially opened to reveal manufacturer coupons therein;

FIG. 3 is front perspective view thereof; the cover of the package being fully opened and the manufacturer coupons being folded therein;

FIG. 4 is a front perspective view thereof; the cover of the package being fully opened and the spread-apart manufacturer coupons being unfolded therein;

FIG. 5 is a front view thereof;

FIG. 6 is a back view thereof;

FIG. 7 is bottom view thereof;

FIG. 8 is a top view thereof; and,

FIG. 9 is a right side view; the left view being a mirror image thereof.

The claimed design is for packaging for manufacturer coupons and may be used in disseminating those coupons to consumers. The various perspective drawings, and in particular FIGS. 2-4, are used to illustrate the design insofar as the packaging and coupons therein are capable of such manipulation by consumers. Surface shading is used in the drawings to show contour in the design that otherwise might not be apparent in a particular figure.

The broken line showing of a staple, a strip of striking material and the alphabets MC representing manufacturer coupons is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
