[54] **CAMERA ELECTROMAGNETIC SHUTTER RELEASE**

[76] Inventor: **Edmund Frank Deffenbaugh,** 45 Cohasset Drive, Rochester, N.Y. 14618

[21] Appl. No.: **735,484**

[22] Filed: **Oct. 26, 1976**

[51] **Int. Cl.**[2] **G03B 9/64**

[52] **U.S. Cl.** **354/238**

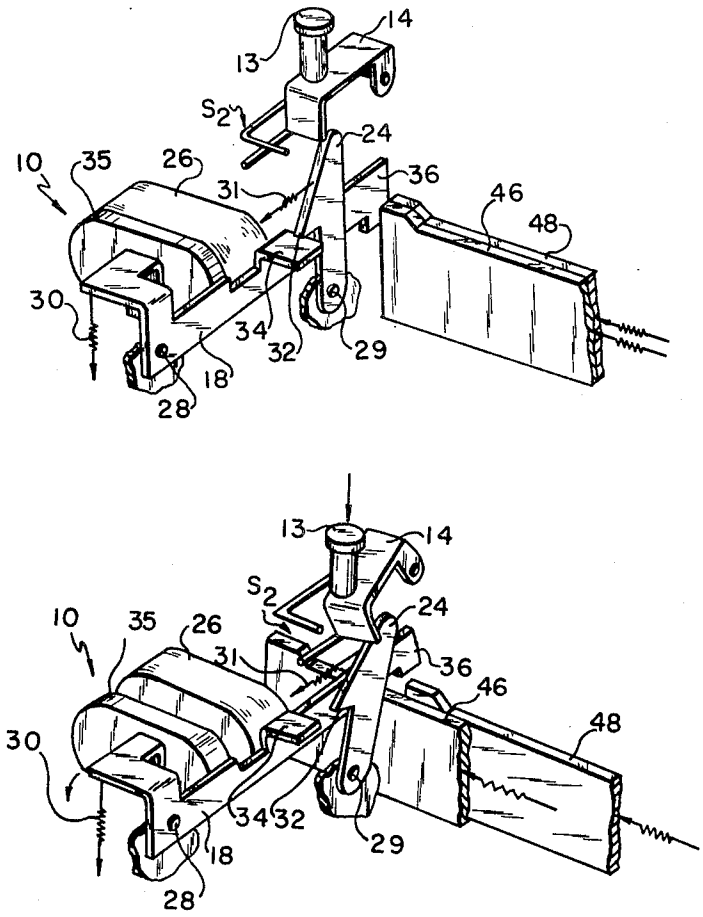

[57] **ABSTRACT**

A shutter release mechanism for a camera uses an electromagnetic shutter latch that is operated by an exposure initiating button to delay opening movement of the shutter for a predetermined time after operation of the exposure initiating button.
