CLAIM

The ornamental design for a portable, battery-operated, rechargeable, electrical power supply pack for a computer or video game, as shown and described.

DESCRIPTION

FIG. 1 is a front and lower left perspective view of a portable, battery-operated, rechargeable, electrical power supply pack for a computer or video game showing my new design;

FIG. 2 is a front and lower left perspective view thereof with the electrical power plug extended;

FIG. 3 is a front elevational view of the portable, battery-operated, rechargeable, electrical power supply pack for a computer or video game shown on a reduced scale;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a right side elevational view thereof with the connecting cable omitted for clarity of illustration;

FIG. 8 is a left side elevational view thereof with the connecting cable omitted for clarity of illustration; and,

FIG. 9 is a rear and upper left perspective view thereof.
