CLAIM
The ornamental design for a ventilator for a freight container, as shown and described.

DESCRIPTION
FIG. 1 is a front elevational view of a ventilator for a freight container showing my new design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a right side elevational view thereof, the left side being a mirror image of the right side shown;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom elevational view thereof, and
FIG. 6 is a perspective view taken from the bottom front and left side thereof.
