(54) Title: GAMING SYSTEM HAVING DEDICATED PLAYER GAMING DEVICES WITH RNG AND TIME SHARE FEATURES

(57) Abstract: Gaming machines or devices utilize the output of random number generators (RNGs) in the presentation of games, wherein one or more of the RNGs are each assigned to a single player. Each uniquely assigned RNG is used to determine the outcome of the games played only by the assigned player, such as a casino gaming machine or a game board devices accessed via a remote presentation device such as a phone or computer. An RNG may also be stopped or paused and then restarted, whereby a sequence of random data remains continuous or contiguous relative to a number of games played, such as by the single player to which the RNG is assigned. Multiple players may also time-share a gaming machine in a manner whereby the gaming machine acts as a unique device to each player.

**PCT/US2012/028917****Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)**

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1.  Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:
  
2.  Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:
  
3.  Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

**Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)**

This International Searching Authority found multiple inventions in this international application, as follows:

Group I:

Claims 1-6 are directed to a method of presenting games to at least a first player and a second player.

Group II :

Claims 7-19 are directed to a method and a gaming system for presenting a game to a player.

1.  As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
2.  As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
