The ornamental design for an input device with coupling, as shown and described.

DESCRIPTION

FIG. 1 is a top isometric view of an input device with coupling showing our new design;
FIG. 2 is a top view thereof;
FIG. 3 is a left side view thereof;
FIG. 4 is a right side view thereof;
FIG. 5 is a rear view thereof;
FIG. 6 is a front view thereof; and,
FIG. 7 is an enlarged top view of a center portion shown in FIG. 2.

The broken line immediately adjacent to the shaded area represents an unclaimed boundary of the design. The broken lines showing the six circular features within the claimed region and the broken line showing of the remainder of the input device are for environmental purposes only and form no part of the claimed design.
