[57] **CLAIM**

The ornamental design for a diskette holder, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a diskette holder, showing my new design in a partially open position;
FIG. **2** is a perspective top view view of the diskette holder shown in a fully closed position;
FIG. **3** is a perspective bottom view of the diskette holder shown in a fully closed position;
FIG. **4** is a top plan view of the diskette holder shown in a fully open position;
FIG. **5** is a bottom plan view of the diskette holder shown in a fully open position;
FIG. **6** is a side elevational view of the diskette holder shown in a fully open position;
FIG. **7** is a side elevational view of a bottom cover of the diskette holder;
FIG. **8** is a side elevational view of a top cover of the diskette holder;
FIG. **9** is an enlarged scale fragmentary cross-sectional view of the diskette holder taken substantially along line **9—9** of FIG. **4**;
FIG. **10** is an enlarged scale fragmentary cross-sectional view of the diskette holder taken substantially along line **10—10** of FIG. **4**; and
FIG. **11** is an enlarged scale fragmentary cross-sectional view of the diskette holder taken substantially along line **11—11** of FIG. **4**.
