FIG. 1 is an isometric view of the pole mounted fishhook holder or similar article embodying my new design.

FIG. 2 is a side elevational view viewing the present invention from the top with the cover portion closed.

FIG. 3 is a side elevational view viewing the present invention from the top with the cover portion opened.

FIG. 4 is a cross section elevational view thereof taken on the lines 4--4 of FIG. 2.

The broken lines in FIG. 1 are for illustrative purposes only.

I claim:

The ornamental design for a pole mounted fishhook holder or similar article, substantially as shown and described.
