[57] **CLAIM**

The ornamental design for a portion of a computer screen with a computer generated icon, as shown and described.

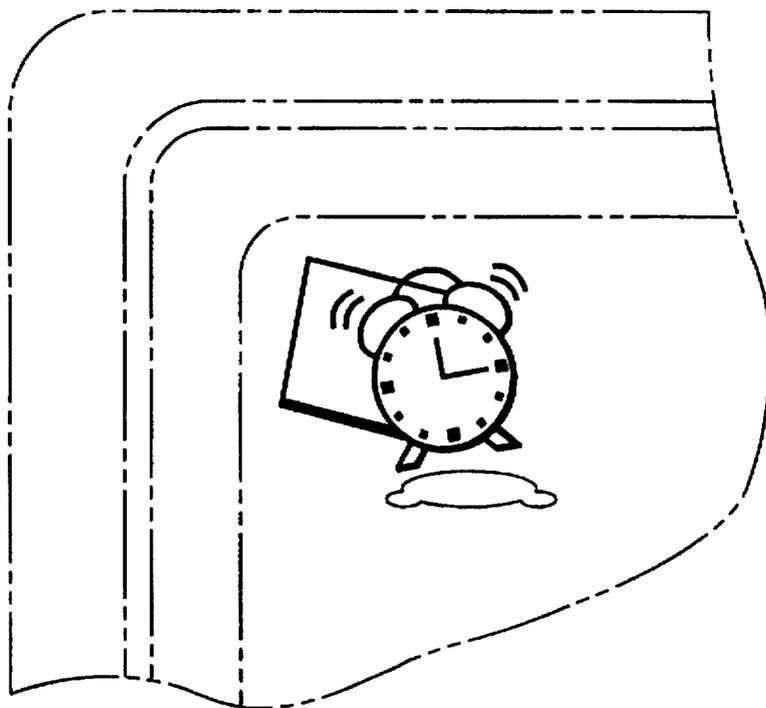

DESCRIPTION

FIG. 1 is a front view of a portion of a computer screen with a computer generated icon according to the present invention; and,

FIG. 2 is a front view of a second embodiment of a portion of a computer screen with a computer generated icon according to the present invention.

The broken line drawings of a portion of a computer screen are shown for illustrative purposes only and form no part of the claimed design.
