The ornamental design for a two-way mobile radio, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a two-way mobile radio showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a left side elevational view thereof;
FIG. 5 is a right side elevational view thereof;
FIG. 6 is a front elevational view thereof;
FIG. 7 is a rear elevational view thereof; and
FIG. 8 is a front elevational view of a second embodiment of the control head illustrated in FIG. 1;
The left side, right side, rear, top and bottom views of the embodiment disclosed in FIG. 8 are identical to the corresponding views of the embodiment disclosed in FIG. 1.
