To all whom it may concern:

Be it known that we, ENEAS J. MCCURDY and CHARLES R. EMBRY, citizens of the United States, residing at St. Louis, Missouri, have invented and produced a new and original Design for a Statuette, of which the following is a specification.

Figure 1 is a front perspective of a statuette embodying our new design, and Fig. 2 is a rear perspective.

As shown in the drawings, the leading or essential feature of our design consists of a base 5, the heroic male figure 6 standing upon one end of the base and the heroic male figure 7 standing upon the other end of the base. There is a pillar 8 between the figures, and the figure 6 holds a parchment-roll 9 in one hand. The drawings are facsimiles of the shape and configuration.

We claim—

The design for a statuette, substantially as herein shown and described.

ENEAS J. MCCURDY.
CHARLES R. EMBRY.
