International Application Published Under the Patent Cooperation Treaty (PCT)

Abstract: Disclosed embodiments relate to various aspects of providing game play. Exemplary embodiments of systems and methods allow for game play on a variety of unmanned terminals including, but not limited to, automated teller machines, taxi cab payment systems, fuel pump payment interfaces, a variety of other kiosks, and handheld devices. In an embodiment, a disclosed device allows for exchanging communications between a gaming facilitator and a gaming partner.
Declarations under Rule 4.17:

— as to applicant’s entitlement to apply for and be granted a patent (Rule 4.17(H))

— as to the applicant’s entitlement to claim the priority of the earlier application (Rule 4.17(Hi))
INTERNATIONAL SEARCH REPORT

A. CLASSIFICATION OF SUBJECT MATTER
IPC(8) - A63F 9/24 (201 2.01 )
USPC - 463/42
According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED
Minimum documentation searched (classification system followed by classification symbols)
USPC: 463/42

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched
USPC: 463/40; 463/1; 709/217; 709/204

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)
Patbase; Google Patents; Google Scholar
Search Terms Used: Lottery, gaming, communication, language, protocol, translate, game, encode, encrypt, memory, fuel, gasoline, taxi, cab, memory, cache, financial, payment, information

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Further documents are listed in the continuation of Box C.

- Special categories of cited documents:
  - "A" document defining the general state of the art which is not considered to be of particular relevance
  - "E" earlier application or patent but published on or after the international filing date
  - "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
  - "O" document referring to an oral disclosure, use, exhibition or other means
  - "P" document published prior to the international filing date but later than the priority date claimed
  - "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
  - "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
  - "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
  - "&" document member of the same patent family

Date of the actual completion of the international search
20 December 2012 (20.12.2012)

Date of mailing of the international search report
