[57] **CLAIM**

The ornamental design of a combination case for a cellular telephone and housing for the telephone, as shown and described.

DESCRIPTION

FIG. **1** is a left side, top and front perspective view of a combination case for a cellular telephone and housing for the telephone, showing my new design in opened position;

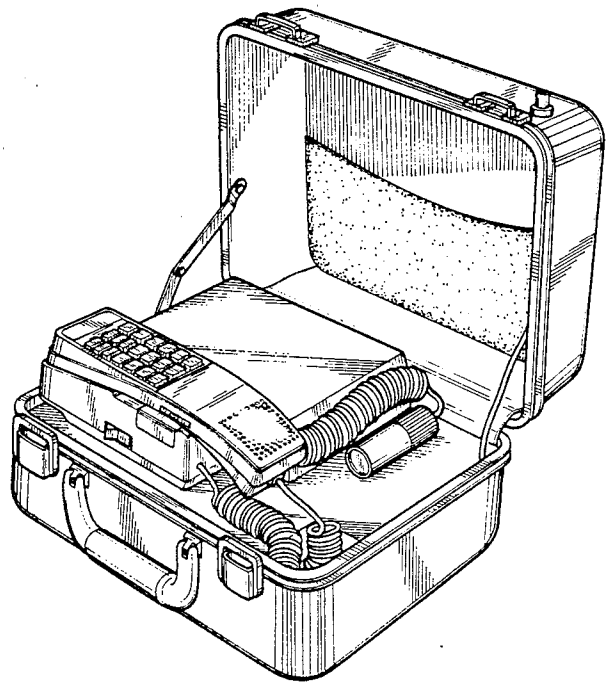

FIG. **2** is a front top and right side perspective view thereof in an opened position;

FIG. **3** is a top plan view thereof in an opened position; and,

FIG. **4** is a front elevational view thereof in an opened position.

It is to be understood that the undisclosed top and bottom sides of the case, and the rear of the case, are plain and unarrayed. It is also understood that the undisclosed side of the telephone opposite to that shown in FIGS. **1**, **2** and **3** is substantially similar to the view shown.

The apertures in the speaker grill in the back of the handset shown in FIGS. **1**, **2** and **3** are shown incompletely for ease of illustration, but it is understood that the apertures fill the entire square pattern of the grill.
