UNITED STATES PATENT OFFICE.

CHARLES F. KADE, OF SHEBOYGAN, WISCONSIN, ASSIGNOR TO M. WINTER LUMBER CO., OF SHEBOYGAN, WISCONSIN.

DESIGN FOR AN ORNAMENTAL PARTITION.

SPECIFICATION forming part of Design No. 36,289, dated April 14, 1903.
Application filed November 8, 1902. Serial No. 130,616. Term of patent 14 years.

To all whom it may concern:

Be it known that I, CHARLES F. KADE, a citizen of the United States, residing at Sheboygan, in the county of Sheboygan and State of Wisconsin, have produced a new and ornamental Design for an Ornamental Partition, of which the following is a specification.

This invention relates to a new and ornamental design for a partition for disposition in drug-stores or other places; and the essential features residing in the design are illustrated in the accompanying drawing, wherein is embodied a front elevation of the outfit.

The design is characterized by an upper cornice 1, supported by pillars 2 and 3, the pillars 2 resting on upright supports 4 and the pillars 3 on a base strip or sill 5. The pillars have ornamented bases and capitals, and between the central pillars 3 is a full-length mirror 6. Between the outer and inner pillars 3 are mirrors 7, which extend from the cornice 1 to panels 8, having upper outstanding shelves 9, on which ornaments may be placed. Depending over the mirrors 7 are light-hangers 11, and depending centrally over the mirror 6 is a multiple light-hanger 12. Between the pillars 2 and 3 are openings or passages 13, and depending from horizontal supports 14 at the upper extremities of said openings or passages are curtains or portières 15, draped and held toward the outer pillars 2. Across the upper extremities of the curtains or portières 15 are draped lengths 16.

The light-hangers illustrated as a part of my design are permanently attached to the outfit and the curtains or portières and drapery lengths remaining positively in the position shown.

Having thus described the invention, what is claimed as new is—

The ornamental design for a partition, as herein shown and described.

In testimony whereof I affix my signature in presence of two witnesses.

CHARLES F. KADE.
