LIGHTING FIXTURE LENS

Kurt Franck, Newark, Ohio, assignor to Holophane Company, Inc., New York, N. Y., a corporation of Delaware

Application August 23, 1951, Serial No. 16,418

Term of patent 14 years

(Cl. D48—16)

To all whom it may concern:

Be it known that I, Kurt Franck, a citizen of the United States of America and a resident of Newark, in the county of Licking and State of Ohio, have invented a new, original, and ornamental Design for a Lighting Fixture Lens, of which the following is a specification, reference being had to the accompanying drawings, forming a part thereof.

In the drawings:

Figure 1 is a top plan view of the lighting fixture lens on a small scale showing my new design;

Figures 2, 3 and 4 are transverse sectional views on the lines 2—2, 3—3 and 4—4 respectively of Figure 1;

Figure 5 is a top plan view at a greatly enlarged scale of the lighting fixture lens showing one of the four quarters of the same;

Figure 6 is a sectional view on the line 6—6 of Figure 5;

Figure 7 is an inverted plan view at the same scale of Figure 5;

Figure 8 is a perspective view of the lens as viewed obliquely from underneath, indicating by lines the shape of the lens and the disposition of typical prisms on its lower surface; and

Figure 9 is a half tone perspective view of the lens as similarly viewed.

I claim:

The ornamental design for a lighting fixture lens, as shown and described.

KURT FRANCK.
