# UNITED STATES PATENT OFFICE.

ELISABETH HAUPHOFF, OF DUSSELDORF, GERMANY.

WASHABLE COVERING FOR PILLOWS, FEATHER-BEDS, QUILTS, AND THE LIKE.

No. 880,524.

Specification of Letters Patent.

Patented March 3, 1908.

Application filed February 18, 1907. Serial No. 358,058.

*To all whom it may concern:*

Be it known that I, ELISABETH HAUPHOFF, spinster, a citizen of the German Empire, and resident of Dusseldorf, Germany, have invented an Improved Washable Covering for Pillows, Feather-Beds, Quilts, and the Like, of which the following is a specification.

The object of the present invention is to provide a washable covering for pillows, mattresses and the like of such a form that the object to be covered will not fall out or move about.

The annexed drawing shows the construction of the invention.

Figure 1 is a plan view of the completed cover without the pillow. Fig. 2 is a plan view of the cover before closing. Fig. 3 is a cross section of Fig. 4, on line S—S. Fig. 4 is a plan view of the cover with the pillow inserted.

The covering is constructed of a rectangular slip, Fig. 2, of which one end *a* is arched. The slip is then folded along the line 2—2 and the sides 1—2, 2—3 sewed together. The slip is then folded along the line 3—3 forming the flap *b*, the sides of which are sewed to the edges

of the slip. The covering is then in the form of the rectangle *c, d, e, f*, shown in Fig. 1.

The pillow *x* or the like is then placed into the cover and the slip is folded along the line 1—1, the arched part being placed over the pillow *x* or the like, and the flap *b* is drawn over the arched part *a*, thus wholly inclosing the pillow or the like.

I claim:—

A washable covering, the combination comprising, a slip having an arched end, a flap *b* formed at the other end of the slip, the said flap having its sides attached to the edges of the slip, the arched end of the slip being placed over the contents of the cover, and the flap being drawn over the whole, substantially as described and shown and for the purpose set forth.

In testimony whereof I have hereunto set my hand in the presence of two subscribing witnesses.

ELISABETH HAUPHOFF.
