For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: HANGER WITH INFORMATION MARKER

(57) Abstract: An improved information marker for a clothes hanger is disclosed. Between the shoulder and the hook of the hanger, a web is secured. At two or more locations on the web, a profiled surface is created. These profiled surfaces engage with fingers on the interior of an information tab, so as to hold the information tab securely on the web and necessarily the hanger.

WO 2003/015553 A3

# INTERNATIONAL SEARCH REPORT

International application No.

PCT/IB02/04118

## A. CLASSIFICATION OF SUBJECT MATTER

A47G25/14

According to International Patent Classification (IPC) or to both national classification and IPC

## B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

A47G25

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

## C. DOCUMENTS CONSIDERED TO BE RELEVANT

| Category* | Citation of document, with indication, where appropriate, of the relevant passages | Relevant to claim No. |
|-----------|------------------------------------------------------------------------------------|-----------------------|
| A         | US5305933A 26.Apr 1994 (26.04.1994) entire document                                | 1-8                   |
| A         | US5642840A 1.Jul 1997 (01.07.97) entire document                                   | 1-8                   |
| A         | CN1225808A 18.Aug 1999(18.08.99) claims                                            | 1-8                   |

☐ Further documents are listed in the continuation of Box C. ☐ See patent family annex.

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| * Special categories of cited documents:                                                                                                                                 | "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention                                              |
| "A" document defining the general state of the art which is not considered to be of particular relevance                                                                 | "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone                                                                     |
| "E" earlier application or patent but published on or after the international filing date                                                                                | "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art |
| "L" document which may throw doubts on priority claim (S) or which is cited to establish the publication date of another citation or other special reason (as specified) | "&" document member of the same patent family                                                                                                                                                                                                    |
| "O" document referring to an oral disclosure, use, exhibition or other means                                                                                             |                                                                                                                                                                                                                                                  |
| "P" document published prior to the international filing date but later than the priority date claimed                                                                   |                                                                                                                                                                                                                                                  |

Date of the actual completion of the international search

21.Mai 2003(21.05.03)

Date of mailing of the international search report

12 JUN 2003 (12.06.03)

Name and mailing address of the ISA/CN

6 Xitucheng Rd., Jimen Bridge, Haidian District,  
100088 Beijing, China
